RE: Application for Transfer #68497 and #68498

Dear Mr. Bashaw:

In April of this year I wrote a letter to you in regard to the above referenced applications for transfer and the associated water rights' current disposition. In response to the letter, Zach Latham of Brockway Engineering contacted the Department and notified us an Amended Application for Transfer would be the correct course of action and that the amendments would be filed with the Department soon.

As of this date, the Department has not received amendment(s) and cannot process the applications for transfer without further information. Please submit the required documentation within 30 days of this letter or you may submit the enclosed Withdrawal of Application for Transfer forms if you no longer wish to pursue the transfers. If the Department doesn't receive a response within 30 days, the applications for transfer may be rejected and returned to you unprocessed.

You may contact me at 208/287-4944 if you have any questions regarding this matter.

Sincerely,
