RE: App. for Transfer for Gerald Bashaw (Surface Rights)

Dear Dr. Brockway;

I have started to review the above-referenced application, and have determined that it is not complete. Although the application proposes to split many of these rights, Parts 2.B. and 2.C. have not been completed for these rights. This needs to be done before I can complete the initial pre-advertising review. The attached list shows which rights require the additional data (the claimed flow rate is less than the decreed flow rate).

Regards,

James E. Stanton
Sr. Water Resource Agent
