RE: Bashaw – Picabo Ranch

Here are the Part 2.B / 2.C splits for the Bashaw water rights. I generally followed the list you gave me on April 7, 2000. Please note the following:

1. Bashaw now owns the Castle portion of the claims.
2. Rights 37-00237B and 37-00448 were combined and claimed as 37-00448B. The sum of the two original water rights is $0.89 + 2.70 = 3.59$ cfs, and the total claimed amount is 1.65 cfs or 45.96% of the total. The Part 2's reflect this percentage of each right. Hopefully, this approach is OK.
3. It doesn't appear that 37-00950 needs to be split. Claim A37-00950A/B is for 1.72 cfs total, and the claim remarks indicate the intent was to claim all of 37-00950 (1.60 cfs) and a portion of 37-00944D.
4. The P/U on Part 2.B. was generally indicated as the portion of the water right P/U lying on Bashaw's property. No acres are listed on any of these rights.

Let me know if you have any questions or if anything needs to be changed.
