**BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE STATE OF IDAHO**

IN THE MATTER OF APPLICATION FOR
TRANSFER NO. 74812 IN THE NAME
OF CREEKSIDE MEADOWS, LLC.

**STIPULATION FOR
WITHDRAWAL OF PROTEST**

THIS STIPULATION FOR WITHDRAWAL OF PROTEST (the "Stipulation") is made and entered into as of the 16th day of February, 2010, by and between Creekside Meadows, LLC., an Idaho limited liability company (hereinafter, "Creekside"), and Fremont-Madison Irrigation District (hereinafter, "Fremont-Madison").

RECITALS:

- A. Creekside is the owner of Water Right No. 22-500D, a water right which authorizes the diversion of .2 cfs for the irrigation of 10 acres.
- B. On April 2, 2007, Creekside submitted an application for transfer to change the nature of use of .05 cfs of Water Right No. 22-500D to a "diversion to storage" nature of use for ponds already constructed on the property. The remaining .15 cfs would be for irrigation purposes. In June of 2008, the application for transfer was advertised, and no protests were received.
- C. However, it was discovered that the advertisement contained an incorrect legal description, which required submission of an amended transfer application. The amended transfer application also included a maximum limit of 5.0 AFA for wildlife storage for the ponds, which amount was the maximum amount that could be diverted to the pond in one year. The

ponds themselves have a capacity of between .3 and .5 acre-feet.

- D. The amended transfer application was submitted in October of 2008, and after it was duly advertised, it was protested by Fremont-Madison.
- E. After discussions between the parties to resolve the protest, Creekside and Fremont-Madison agree as set forth below.

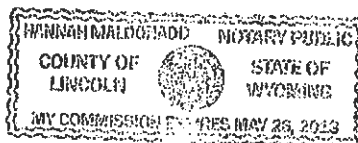

AGREEMENTS:

THE PARTIES HEREBY AGREE AS FOLLOWS:

1. **DIVERSION PERIOD:** Creekside agrees that it will only divert water from Spring Creek to the ponds during the periods during the irrigation season when normal agricultural irrigation diversions are occurring in the immediate area.
2. **DIVERSION LIMITATION:** Creekside will limit diversion to the ponds to .05 cfs, with .15 cfs remaining for irrigation of 7.5 acres. Combined, no more than .2 cfs will be diverted under both uses. Pond size will be limited to approximately 1.3 acres.
3. **RECORDING:** Creekside will record this fully executed Agreement in the office of the Teton County Clerk, Auditor and Recorder and send a copy with the recording information endorsed thereon to IDWR and FMID.
4. **WITHDRAWAL OF PROTEST:** With the execution of this document, FMID hereby withdraws its protest to the Transfer conditioned upon IDWR's reference to this Settlement Agreement in the approval of the Transfer.
5. **BINDING EFFECT:** This Agreement shall be binding on the parties and their respective heirs, legal representatives, agents, successors in interest and assigns and shall inure to the benefit of such persons.
6. **COOPERATION:** Each party agrees to cooperate with the other in preparing and filing the necessary documents, or taking other actions, to properly achieve the purposes of this Settlement Agreement.
