Shelley,

As discussed yesterday, Jim Speck and I are in the process of working out an agreement to resolve my client's petition re: the reinstatement of permit 37-8388. We would request an order vacating the hearing scheduled for Monday 3/15.

Thanks,

Travis

Travis,

Having heard from both you and Jim Speck that you've worked out an agreement and that a hearing is not needed, I will vacate the hearing if you fax or email me a request for the file.

Thanks.
