WATER RIGHT NO. 2-7249
As Modified by Transfer No. 76101

CONDITIONS OF APPROVAL

1. This right is limited to the irrigation of 1624 acres within the place of use described above in a single irrigation season.
2. Rights 02-7249 and 02-7462 when combined shall not exceed a total diversion rate of 29.89 cfs, a total annual maximum diversion volume of 9728 af at the field headgate, and the irrigation of 2432 acres.
3. The period of use for the irrigation described in this approval may be extended to a beginning date of 3/15 and an ending date of 11/15 provided that beneficial use of the water can be shown and other elements of the right are not exceeded. The use of water before 4/1 and after 10/31 is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than originating approval/SRBA partial decree date.
4. After specific notification by the Department, the right holder shall install a suitable measuring device or shall enter into an agreement with the Department to use power records to determine the amount of water diverted and shall annually report the information to the Department.
5. Water shall not be diverted under this right unless the flow of the Snake River exceeds flows required by prior downstream minimum stream flow rights.
6. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
7. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
8. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.
9. Rights 02-7249, and 02-7462 are limited to the irrigation of a specific 2432 acres within the 2668 acre place of use authorized by these rights in a single irrigation season. The specific 2432 acres to be irrigated by the right holder shall be identified prior to use by submittal of a land list and a representative electronic shape file or by submittal of a land list and a map sufficiently detailed to allow creation of an electronic shape file to be associated with this right in the geographic information system component of the water rights database maintained by the department. Before changing the 2432 acres to be irrigated within the 2668 acre place of use, the right holder shall submit a new land list and representative electronic shape file or map to the Department prior to the irrigation season in which the change will occur.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
