

2/11/10

IDWR
Attn: Shorla
208-525-7177

Dear Shorla / IDWR

The Purpose of this letter is to state
in writing my objection to The Pump
Station being placed in my ditch of ~~208~~
L-47.

The reason for the withdrawal of my
objection is that Rick Snyder has
chosen to change the place of the
Pump station to another location. Therefore
no need for the review on 2/16/10.

Clearly however it is my understanding
that the Pump station proposal has moved from L-47
Otherwise I would object.

Sincerely

A. Rand Robison
