RE: Notice of Security Interest in a Water Right 31-11684

Dear Water Right Holder(s):

The department acknowledges receipt of correspondence adding a security interest to the above referenced water right(s) to you. The department has modified its records to reflect the security interest and has enclosed a computer-generated report for your records.

The department also received an Ownership Change on Ownership on October 27, 2009, however there are items needed before that change can be complete. A deficiency letter was sent to the applicant on November 12, 2009 and a second request sent March 8, 2010. As soon as the necessary items are submitted our department will complete that request as soon as possible.

Updating the security interest record for a water right does not reconfirm the validity of the right. When processing an security interest notice, the department does not review the history of water use to determine if the right has been deliberately abandoned or forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Jonie Barg
Technical Records Specialist
