

Memorandum

To: Water right application file no. 63-32423, in the name of JMM Dry Creek, LLC

From: Deborah Gibson

Date: March 18, 2009

Re: Memo to the file regarding status of Comprehensive Plan application before Ada County P&Z.

According to Meg Rush, of the Ada County Development Services the Dry Creek Ranch Planned Community's applications have been remanded back to staff by the County Commissioners at their March 11 meeting. The applicant will update their applications and material to lower the density of the development. Then they will resubmit their applications to Planning and Zoning and the County Commissioners.

Meg's phone number is 287-5715. I have asked Meg to call me when this matter goes before the Commissioners again, and I will calendar for call up in 30 days.

Gibson, Deborah
