RE: Request for Waiver for Condition Requiring Lockable Device from Water Right No.61-7487

Dear Mr. Villavicencio,

On January 15, 2010, the Department of Water Resources received a request from William Brimson to rescind the condition: "A lockable device, subject to the approval of the Department, shall be installed on the diverting works in a manner that will provide the water master suitable control of the diversion prior to diversion of water under this permit." A copy of the request and water right Permit are enclosed.

If you have any questions, please give either William Brimson a call at (208)366-2258 or 850-8425, or myself at (208) 287-4920.

Thank you,

Sandy Hemenway

Sr. Water Rights Agent
