1/20/2010, I called Mr. Brimson to let him know we had received a copy of his ownership change, death certificate for La Preal Brimson, and warranty deed

Mr. Brimson stated that BLM did not own the property where his home is located. That he built the home and never changed any of the existing fences. Mr. Brimson said he had spoke with a surveyor, but it would cost \$7,000 to have the property surveyed, and he didn't have the money.

Mr. Brimson is in the process of a pending sale of his property, and needs the license to be approved and signed.

1/27/2010, I called Mr. Brimson to let him know who to contact at BLM, to file an application to possibly work out a sale or land trade with BLM.
