RE: Application for Transfer No.: 72090
Water Right No(s): 95-7558
Withdrawal of Application

Dear Applicant(s):

The Department of Water Resources acknowledges receipt of your withdrawal of the application for transfer referenced above. The withdrawal removes your application from any further consideration or action by the Department.

A refund request for your filing fee was submitted to our State Office in Boise.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Danni M Smith
Office Services Supervisor 1
Water Management Division

MEMORANDUM

Subject: RECEIPT NO. N016790
Attachments: Trans. 72090 Avondmale Irr.pdf

Good morning Sascha,

Looking though an old transfer file No. 72090 for Avondale Irrigation District file referencing WR 95-7558, it appears that they requested a refund for payment of the fee for an Application for Transfer of a Water Right back on May 5, 2008. Received with that request was also a Withdrawal of Application for Transfer form. Funds were receipted under number N016790 on 3/17/05..

Will you please check to see if your records indicate that refund took place, and if not, will you please issue a refund in the amount of \$650.00 to: Avondale Irrigation District and mail to:

AVONDALE IRRIGATION DISTRICT
C/O CONNIE DOUGALL, SECRETARY/TREASURER
PO BOX 81
HAYDEN IDAHO 83835

Attached are copies of documentation requesting this refund as well as a copy of the receipt.

If you have any questions, please call or e-mail.

Also, please let me know the result of your research. My research indicates funds have not been returned.

Thanks, and have a great day,

Dianne Ball

Dear Mr. Haynes;

The Avondale Irrigation District is respectfully requesting a refund for payment of "Application for Transfer of a Water Right". The original payment was made payable on March 15, 2005, and included with Right Number 95-7558 application. The district has decided to proceed in another direction at this time.

Thank you for your help in this matter.

Sincerely,

Connie Dougall
Secretary/Treasurer
Avondale Irrigation District

Subject: 72090 Avondale Irrigation Dist ADVERTISING QUESTIONS

Diane,

I think you do need to reference both the change in Nature & Place of use. The place of use changes could be generally identified ... "to include portions of T, R Sections (new pou) within their service area". Something general like that. Hopefully they aren't adding too many new Sections & that should be sufficient to provide notice. The application says.. "to more clearly reflect use". You could add that phrase to show that the transfer isn't for a big expansion, but to catch-up with the existing system. Check with Greg to make sure that is the reason for the transfer.

Subject: RE: 72090 Avondale Irrigation Dist

Pam, I presume that when this is ready for advertising, only the "use within the service area" will be required, if any reference is made to POU, rather than spelling out the additional QQs from what the original license included, but will I need to include reference to both **change in nature** and **change in place of use** in the advertising? That might just bring up questions unnecessarily. There is presumably no change in the overall amount of water usage, and I generally make a statement to that effect somehow in the advertising to allay any fears from prospective protestants.

Subject: 72090 Avondale Irrigation Dist

Diane,

That's okay to work backwards from the shape to the QQs for this general Municipal POU. Since we are only using the general pou entry for searches, the shape will probably suffice. The POU will be described as their service area in conditions, with a general T,R & S description. Should really require complete applications prior to review. Any other use besides Municipal should not be completed in this fashion.

Just include the title or authority to act for the Irr. Dist. in the review memo. That way we know that we (the dept) have verified his authority to request the transfer.

Subject: Transfer 72090 Avondale Irrigation Dist

Pam

Greg went out and did a shape map from their map, and it pulled in all the QQs. You might want to go out and see if you think that matches with the application I put out on A012 earlier - make sure it compares with the data entry now.

We will still have to get the title for the signator - I spoke with the Secretary Treasurer today and she told me that he does all their paper work and I don't remember what title she gave him.

Re: Application For Transfer of a Water Right, Transfer No. 72090.

Gentlemen:

Review of the above mentioned transfer application, by the Idaho Department of Water Resources (IDWR); to change the nature of use and change place of use for Water Right License No. 95-7558 revealed the changes may have already taken place.

The 2005 Idaho Legislature amended Idaho Code 42-1425, to take into account the pending Northern Idaho Adjudication (NIA). Enclosed is a copy of the legislation for your review.

Because of this legislation, you may be able to file a Notice of Claim in the NIA based on an accomplished transfer. Therefore, if you wish, you may withdraw your transfer application and wait for the commencement of the NIA. If you choose to withdraw your application, please complete the enclosed form and return it to this office within 30 days and we will begin the process to refund the filing fee. If you do not wish to withdraw the transfer application, the department will continue processing it however, you will still need to file a Notice of Claim when the NIA is commenced.

If you have any questions, don't hesitate to contact me at this office.

Sincerely,

Keith E. Franklin
Senior Water Resources Agent

Explanation:

2. gtaylor 8/2/2005 Legal Notice Remarks
Comment: Municipal use is for applicants service area

3. gtaylor 8/2/2005 Sufficiency of Transfer 72090
Comment: TRANSFER SUMMARY

AUTHORITY TO FILE

Water Right No. 95-7558 is in Avondale Irrigation District name according to the IDWR records.

WATER RIGHT VALIDITY

Avondale Irrigation District is a well established district that has continually supplied water to users within their service area for many years.

INJURY TO OTHER WATER RIGHTS

The right in this transfer is currently diverted from the Rathdrum Prairie Aquifer. No change in source is proposed. The transfer approval will carry a condition requiring the right holder to comply with the management plan for the Rathdrum Prairie Aquifer, when it is implemented. Well interference problems are not anticipated because all the wells are existing and in use.

ENLARGEMENT OF USE

Although the transfer proposes changing the use to municipal purposes, the licensed volume will be retained to prevent enlargement of the right.

BENEFICIAL USE AND CONSERVATION OF WATER RESOURCES

The water delivery system and distribution system for the use proposed is consistent with contemporary standards for reasonably efficient use of water.

Avondale

Good Afternoon Dianne

Our public water supply number is 1280008. ★

Bob Chandler is the field manager for the distict and has signing authority for the district. The board of directors has always given myself and Bob complete authority to manage the district with the daily requirements. Hope this will help, let me know if you need more.

Thanks
Connie Dougall

Good morning, Connie,

Thanks for your response last week regarding the board of directors for Avondale Irrigation District.

There are still two things I need -

1. the first is the title of the signator and what gives him the authority to sign for Avondale Irrigation Distract.
2. the second is the Public Water Supply Number for Avondale Irrigation Distract

Please fax that information to me as soon as possible.

Thanks for your help in this matter.

Dianne
