Re: Water Rights Applications

Dear Keith:

The District would like to withdraw the following applications which were submitted to your office on June 27, 2008:

1. Application for Amendment of a Permit (96-9134)
2. Application for Transfer of Water Right (95-7763)
3. Application for Transfer of Water Right (95-8681): The District understands that this water right is still in permit form and that a transfer cannot be completed on a permit. Further, the District understands that the beneficial use for this water right was submitted on May 2, 1994. As the proof of beneficial use for this water right was only 0.03 cfs, and was listed for a single home, the District does not intend to apply for reassignment of this permit, which is under the name of Evelyn and Gordon Sylte.

The District will file a claim on license 95-7763 during the adjudication and will complete the beneficial use and field examination of permit 96-9134. No further action will be taken by the District on Water Right 95-8681.

The District respectfully requests the refund of the application fees (totaling \$450) for these three permits.

Please contact us should you have any questions or comments.

Sincerely,
North Kootenai Water District

Mike Galante
District Manager
