Re: Water Rights Application 65-23097

Dear John:

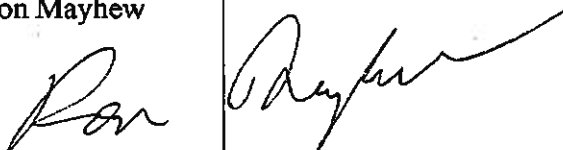

I am receipt of your letter dated April 28, 2008 asking the status of negotiations with Brad Little, the one protest you received. Brad and I have been in discussions and still plan to work this out to mutual agreement without the need of a hearing or arbitration.

As you know Brad is one of our state legislators and was very busy during the legislative session. We have talked since and plan to get together and develop a "game plan" for our properties as well as a couple other neighbors.

We appreciate your patience in this matter, but feel another 6 month extension that you offered is needed. Once we get our ideas together, and agreed upon, Brad and I will notify you.

Thank you for your handling of this water rights application.

Best regards, Ron Mayhew
