This application was originally published 12/20 & 12/27/2007 but failed to include the following required information about Wild & Scenic Rivers. This application proposes the diversion and use of water tributary to a federally designated Wild & Scenic River. The decreed minimum stream flow rights for the federal Wild & Scenic Rivers are subordinate to certain categories of water use and to specific amounts of water use established after the minimum stream flow. The water use proposed in this application will benefit from the subordination provision because the diversion rate and acres will be applied to the subordination amounts specified in the decree for the applicable Wild & Scenic River.

PROPOSED AMENDMENT OF WATER PERMIT

Carol Lynn MacGregor of 1109 Warm Springs Ave, Boise, ID 83712 filed Application No. 76118 to amend a water permit with a 2000 priority from ground water totaling 2.0 cfs for irrigation use. The permit provides irrigation water for property located northwest of the intersection of Cabarton Rd and Belvidere Ln approximately 3.5 miles south of Cascade. The applicant proposes to amend the permit to add a point of diversion and correct an error in the permit record for the place of use.

Permits will be subject to all prior water rights. For specific details regarding the application, please contact the Idaho Department of Water Resources (IDWR) Western Region at 208-334-2190 or visit www.idwr.idaho.gov with details provided under "new water right applications." Protests may be submitted based on the criteria of Sec 42-211, Idaho Code. The permit will be subject to all prior water rights. Any protest against approval of the application must be filed with the Director, IDWR Western Region, 2735 Airport Way, Boise ID 83705-5082, together with a protest fee of \$25 for each application on or before February 8, 2010. The protestant must also send a copy of the protest to the applicant.
