RE: document request

Dear Mr. Anton:

Here are the copies of the documents you requested: Application for Transfer of Water Right 69237 and Partial Decree 63-9751. I have also included a flier which covers basic water rights information and may help you understand the water rights process.

I would be happy to answer any water rights questions you might have. However, many of the questions you have posed in your January 11, 2010 and January 15, 2010 letters are outside of the IDWR's authority. By way of illustration, I'd like to offer you an analogy. When you renew your driver's license you would not expect the Division of Motor Vehicles personnel to be able to tell you anything about who manufactured your vehicle or who owned it before you. In the same way, the Idaho Department of Water Resources is not the best source for information related to the construction of your diversion or distribution works or to land ownership.

Partial decrees of rights 63-9718 and 63-9751 and the approval of Transfer 69237 completes all of your pending water rights processes.

Sincerely,

Michele Edl
Associate Engineer
