Re: Wiggins Application for Transfer No. 73931

Dear Lary:

I am replying to your January 20, 2010 letter regarding the above referenced transfer application. You referenced an April 22, 2009 petition to reconsider the preliminary order rejecting the application. I cannot locate any petition in the department files.

I checked with John Westra, and he recalls telephone conversations with you about this but not receiving a petition for reconsideration.

It appears a petition was not received. The April 2009 preliminary order is therefore considered final. The applicants may file another transfer application to replace the rejected one. Please note the current application form available on the department website that should be used. The form can be completed online, printed, signed and submitted with the correct filing fee. Additional tools are also available on the website to assist in completing an application. Note the application and payment cannot be electronically submitted yet, but at least the website tools make it easier to fill out an application.

Please consult the website at www.idwr.idaho.gov. Select the red "water right transfers" icon near the top center of the homepage to reach detailed information for filing transfer applications. Please contact me at 208-334-2190 if you have any questions about the website or other matters.

Sincerely,

A handwritten signature in black ink that reads "Steve Lester".

Steve Lester
Water Rights Supervisor
