RE: Application for Transfer 76106

James R & Carmela M Martell
643 N Elk Ranch Dr
Glenns Ferry ID 83623

Dear Mr. and Mrs. Martell:

In review of the above referenced application form we find that we need a couple of modifications before we can proceed. Enclosed you will find a copy of page 2 of the form which we have modified for your convenience. Please date and initial each of the changes if you agree with them.

1. The water right you wish to file the transfer on was decreed for only 0.64 cfs, not the 0.66 cfs you have inserted under item 1.
2. This amount should also be inserted under item 2, rather than the "13,000" you have listed.
3. Under item 3, the point of diversion location, you need to identify the existing point of diversion as it was decreed, i.e. Lot 1 (NESESE), Sec. 31, Twp. 5S, Rge. 10E, Elmore County.

We also need to have you mark the proposed point of diversion on the enclosed copy of the map that accompanied the transfer application.

Once you have completed these small corrections we will be able to proceed with transfer review and processing. If you have any questions in regard to this matter, please do not hesitate to contact our office at (208)334-2190.

Sincerely,

KAY WALKER
Sr. Water Resource Agent
