REAL ESTATE PURCHASE/SALE AGREEMENT

THIS AGREEMENT, effective August 27, 2008, between MARY SUE HEGE, Trustee of the Christensen Bypass Trust, hereinafter referred to as "Seller" and BRENDA C. NUGENT, whose address is 14585 West Lea, Chubbuck, Idaho 83202, hereinafter referred to as "Buyer".

WHEREAS, the Seller desires to sell and the Buyer desires to purchase from Seller the following real property, 8.58 acres MOL of farm ground situate and lying in the County of Bingham, State of Idaho, to-wit:

Part of the NW¼ Section 8 of Township 5 South Range 32 East B.M. Bingham County, Idaho described as:

Commencing at the NW corner of Section 8; thence S 00°12'07" W 1318.74' feet along the Section line to the POINT OF BEGINNING. Thence S 52°42'24" E 878.06' feet to a point on the Northerly Right of Way line of the American Falls Reservoir; thence along said Right of Way line the following Two (2) courses; thence (1) S 45°58'53" W 310.95' feet; thence (2) S 62°12'53" W 540.80' feet to the West line of Section 8; thence N 00°12'07" E 1000.19' feet along the Section line to the POINT OF BEGINNING.

Parcel contains 8.58 Acres more or less and is subject to a County Road Right of Way along the West side of above described parcel.

Said property includes water rights from the Aberdeen-Springfield Canal Company, and other surface or ground water rights administered by the Idaho Department of Water Resources, the American Falls Ground Water District and the Water District #120. The water right to be transferred with said property shall be four (4) acre feet of water per acre sold under this agreement (of the 48 acres, or 192 AFY) of the water right from the American Falls Ground Water District identified by #35-07990. The parties shall cooperate in completing any and all paperwork necessary to transfer said water rights with the Idaho

Department of Water Resources, including filling out and delivering as required notice in change of ownership of the form and content as shown in Exhibit A attached hereto, and paying the corresponding fee. All other water rights which currently show a 'place of use' on the 8.58 acres shall be transferred from the said property to other Trust property.

NOW, THEREFORE, WITNESSETH:

1. PURCHASE PRICE. The Buyer agrees to pay the Seller as the purchase price for the above-described real property \$42,900.00 plus interest at an annual rate of seven percent (7%) beginning on the earlier of the end of the 2008 crop date or the date on which Buyer takes possession of the premises and continuing through the "closing" date. The "closing" date refers to the date on which Buyer receives her portion of the distribution(s) from the Estate of Carl Christensen and/or the Christensen Bypass Trust. The purchase price plus interest outlined herein shall simply be treated as a charge against distributions from the Estate and/or the Trust to which Buyer is entitled.

2. OPTIONAL ANNUAL PAYMENT: At Buyer's option, she can pay the accumulated interest on an annual basis and have a credit against her share of distribution(s) on the "closing" date only in the amount of the principal price outlined herein, or she can choose not to pay interest annually and have the charge be for principal plus all accumulated interest.

3. TAXES. Taxes on the property for 2008 shall be prorated as of the day of possession.

4. WATER. Costs associated with the water for 2008 shall be prorated as of the day of possession. Rent and expenses will likewise be prorated as of the day of

possession.

5. EASEMENT. Included with this tract of property is a Bureau of Reclamation Easement which will also be transferred to Buyer.

6. BUILDING/DIVISION RIGHTS. The property from which this parcel is taken has a total of four (4) building rights (three division rights). Attached hereto as Exhibit B is a copy of an October 30, 2007 letter from Bingham County Planning and Zoning describing the building/division rights of the property from which the parcel in question is taken. The transfer of this property will include one of those building/division rights to Buyer.

7. ADJUSTMENT TO PROPERTY TRANSFER AND/OR PRICE. If the remaining Section 8 acreage currently owned by Seller is sold to a purchaser who is unrelated to the parties hereto, no adjustment will be made unless there is a sprinkling system overlap between the property in question and the property whose legal description is attached hereto as Exhibit C. If there is such a problem, the parties hereto will make adjustments to this contract as needed and as can be agreed upon to eliminate said problem. If the remaining Section 8 acreage currently owned by Seller is sold to a purchaser who is related to the parties herein, then the property transferred to Buyer herein will be "squared up" as illustrated in the maps attached hereto as Exhibits D and E, becoming 11 acres MOL. Such an adjustment would result in a change in the deed as well as the transfer of additional acres of water right, and the seller agrees to execute the amended deed and water transfers. Such an adjustment to the property transfer would result in an adjustment to the purchase price to \$55,000.00 plus interest (as the purchase

price is based on \$5,000.00 per acre). Should the final sale price for the balance of the Section 8 property be more or less than the \$5,000.00 per acre, the purchaser agrees that her price will be equal to such price, net of the commission.

8. PERSONAL PROPERTY. The property currently has a pivot installed on it. Said pivot is personal property and shall not be transferred with the sale of this property.

9. WARRANTY. Improvements and equipment are sold "as is" with no implied warranty. Buyer acknowledges that she has inspected the property and accepts the same as is.

10. POSSESSION. Buyer shall be entitled to possession of the real property on the date of closing. However, Buyer shall have the right to occupy the property immediately to do any work or upkeep as needed.

11. DEFAULT CLAUSE: Time and prompt performance of each and every term, covenant and condition of this contract is material and of the essence of this contract.

IN WITNESS HEREOF, the parties have hereunto set their hands and seals in execution hereof this 27th day of August, 2008.

Form 42-248(2)-1409(6) July, 2000

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCESINSTRUCTIONS FOR FILING
NOTICE OF CHANGE IN WATER RIGHT OWNERSHIP

This form has been prepared to assist all claimants and owners of water rights to comply with the requirements of Sections 42-248 and 42-1409(6), Idaho Code. All claimants and owners of water rights are required to notify the Department of Water Resources (IDWR) of any change in mailing address or change in ownership of all or part of a water right. In addition, all purchasers of water rights within a pending general adjudication area must inquire whether a notice of claim has been filed and, if not, shall file a notice of claim if necessary.

Effective July 1, 2000, the Idaho Legislature amended Section 42-248, Idaho Code to include a provision for fees to file a Notice of Change in Water Right Ownership. Please see details at Item 8, below, to determine if fees are required for your filing.

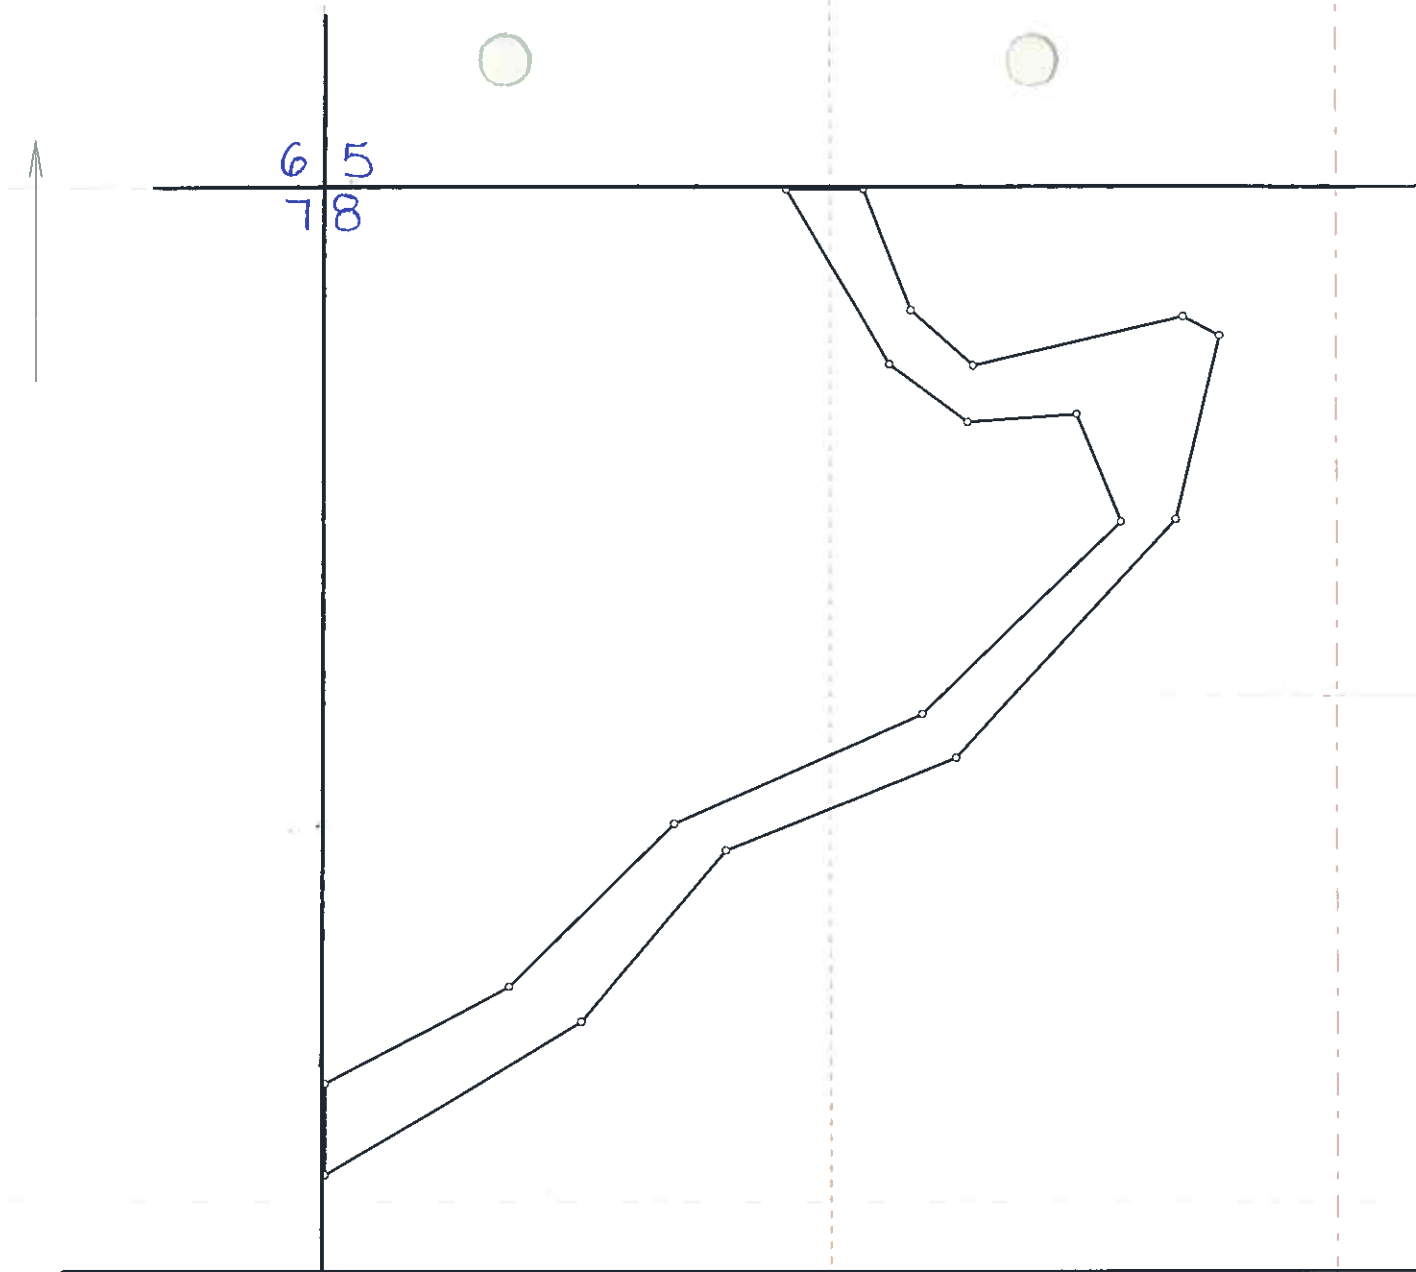

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. Please contact your nearest IDWR office, or call 1-800-451-4129, if you would like more information or need help completing this form. Please attach additional sheets to the form if you require additional space to describe or explain any of the items on the form.

1. If there are water rights associated with the property, the seller should be able to provide you with the water right or adjudication claim number(s). Please enter the number(s) at Item 1. Corresponding water right and adjudication claim numbers should be listed next to each other on the form. You may have purchased only a portion of the water right(s) held by the seller. If so, the water right(s) held by the seller may need to be "split" to provide you your share of each right. Indicate if a split is required by checking in the space provided next to each water right.

If you receive water from a municipal provider, an irrigation district or other water delivery organization, where the water rights are held by the organization, please do not use this form to record a change. You may need to contact the water delivery organization to determine if any action is necessary.

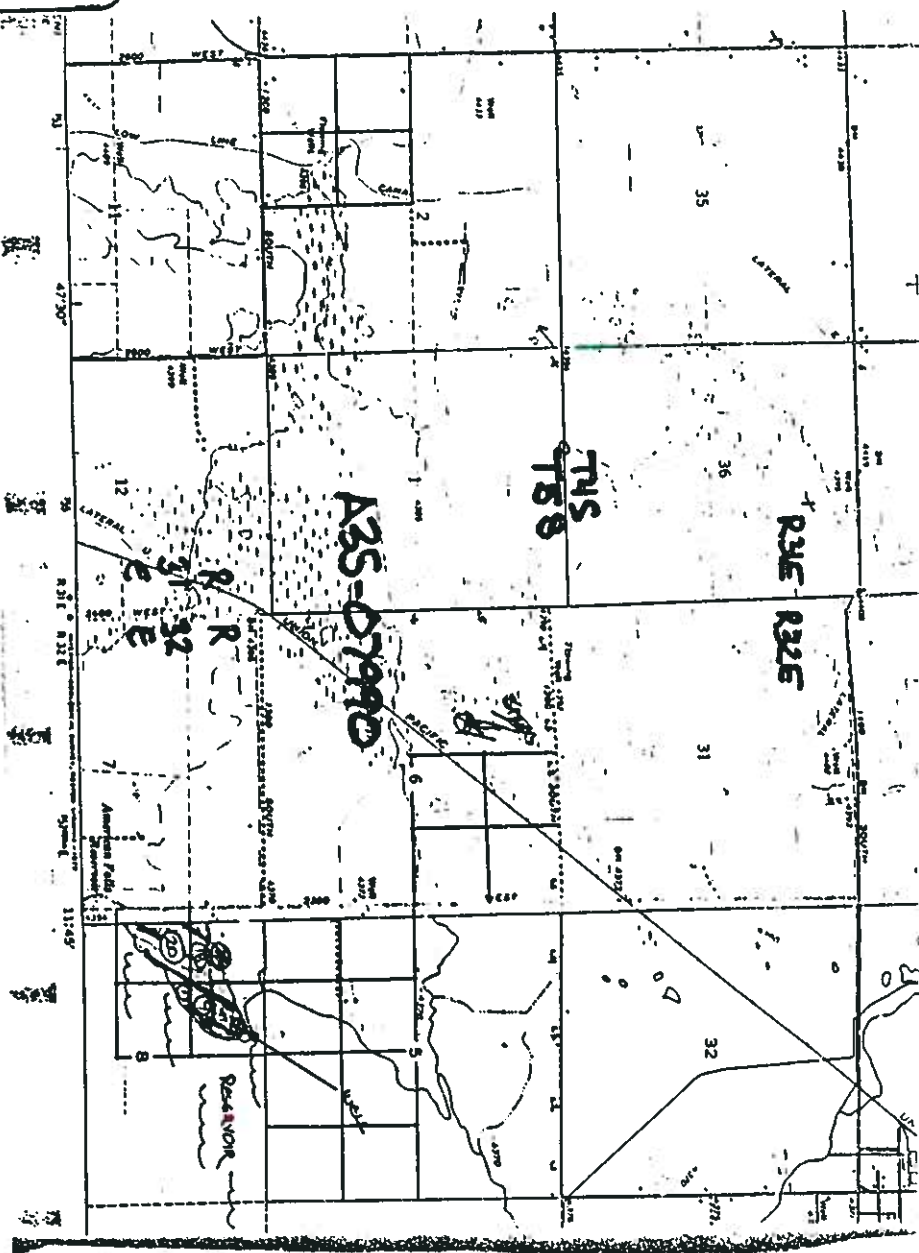

If you or the seller believes there are water rights for the property but the numbers are unknown, you may wish to contact IDWR for assistance in identifying the water rights for the property in question. If adjudication claims for the rights are required and have not been filed, IDWR will so advise you.

2. The information described at Item 2 is required, since IDWR cannot process the requested change without documentation of ownership. The preferred types of documentation are shown; contact IDWR if you have difficulty obtaining this information. Do not obtain a new survey for purposes of this form before contacting IDWR.
3. Please provide the name and address of the former owner/claimant(s) of the water right(s) at Item 3.
4. The name, mailing address, and telephone numbers of the new owner/claimant(s) is entered at Item 4. Please indicate the relationship between multiple owners by using the connector "and", "or", or "and/or." If an "and" is used, all parties must sign this form. If an "and/or" or "or" is used, all parties may sign; however, only one of the named parties is required to sign.
5. At Item 5, please provide the date the property in question was acquired. This may be the date of "closing" in the case of a real estate transaction or the date of court order for other types of ownership changes.
