Subject: RE: License 67-7479 et al

Renea,

Craig informed the court today that the license is ready to issue. Craig also informed the court that we'd like the opportunity to correct the 7 rights that went to partial decree. J. Wildman asked the Department to send correspondence to the court with proposed recommendations for those rights that were decreed. Craig will prepare a letter with recs. J. Wildman will set this for status in 60 days to keep track of it.

So unless I hear otherwise, I will hold off on issuing this license until we speak with the court on the 1-19-10 status conference.

Thanks,
c

Craig,

I think we need to let the court know. We can do that at the status conference.

Hey Chris,

We have a hearing scheduled 1-19-2010 on the status of licensure of 67-7479 (Wilkerson). We are about ready to roll on the license, but issuing this license should result in changing limiting conditions on 7 different PD'd rights.

67-475

67-482
67-487
67-488B
67-489
67-4498
67-7020

How do you think the court would feel about us asking to update those.

Thanks,
c
