Re: POD Allison Ditch

The POD for the Allison Ditch is permitted in the NESE of section 10. The licensing field examiner's map indicates that the POD is in the NWSE of section 10. However, on July 11, 2005, IDWR employed contractor Roger Meyer collected a GPS point for the headgate on the Allison Ditch and labeled the POD with metal tag # A0016786. The GPS point places the POD location in the SENE of Section 10. Other rights diverted from this point of diversion included 67-486, 67-487, 67-488A, 67-488B, 67-489, 67-491, and 67-4498. An amendment will be needed to reflect this change on the final license.
