RE: CHANGE OF OWNERSHIP FOR WATER RIGHT 95-8030

The department received a Change of Ownership form for the above water right in Feb., 2008. In our recent review, we have found that the change of ownership was not completed.

There are a few questions that need to be addressed before the ownership of the water right can be changed. We will need a chain of title to show that the property you own was at one time owned by the owner of the water right (Don L. Horne).

Another question is that the water right shows the property is located in T 50N R 4W Section 6 in Government Lot 6 which is the NWSW quarter/quarter. (See water right enclosed) Your property is in T 50N R 4W Section 6, Government Lot 5 which is the SWNW. (See map enclosed). It would help in this situation, also, to have a deed of Don L. Horne's property. Any history of the property that you have or can find would be very helpful.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

If you have any questions, please call me at 208-287-4967.

Sincerely,
