Subject : **Fox Creek Country Club Estates System**
New Well Permit # 22-13306
DEQ - PWS # 7410034 Water System

Atten; Jeff Peppersack
Water Allocation Bureau, Dept Water Resources
Boise, Idaho, 83720 - 0098

Jan 6, 2010

Please find enclosed the Statement of Completion for the new well drill in December of 2004 for additional water supply to the Fox Creek Country Club Estates Subdivision.

It has taken a long time to get this well into use, due to many delays and problems, but it is being used now. It was put into use, with the new controls and water tank during the summer of 2009. The well was used before that time but the operating system was a temporary until the water tank and controls were completed.

As of today the system is operational and is supplying water to approximately 50 residences.

The Statement of Completion was prepared by Arnold Woolstenhulme, Engineer for the project and given to Tom Hunter (Owner) for review and signature.

If you have any questions please call Tom Hunter at 208-353-2236 or Arnold at 208-787-2952.

Thank you for your patience and effort in completing this Water Permit

Sincerely, Arnold W Woolstenhulme
