RE: Notice of Change in Water Right Ownership – Water Right Nos. 2-4005, 2-7418 and 51-10365 and Application for Extension of Time to Avoid Forfeiture of a Water Right – Water Right No. 2-4005

Dear Mr. Ayarra:

The Department of Water Resources has received the notice and application you submitted for the water rights referenced above. Initial review finds two items that will need completion prior to processing.

You submitted a warranty deed showing property conveyed to David and Marie Ayarra and including water rights. In order to change the water right records to your name, you will need to include documentation showing your ownership of the property. As I recall our discussion when you visited the office, you mentioned that the property is in probate and the matter should be resolved soon. I will hold processing of your notice and wait for you to submit a copy of the documentation showing your ownership of the property.

I am returning your Application for Extension of Time for your notarized signature on the form. Please have your signature notarized and return the application to the Department for processing.

Please feel free to call if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'JP', is written over a horizontal line.
