RE: Withdrawal of Protest
Application for Transfer #74856: 37-00466, Deer Creek Ranch, Inc.

Dear Mr. Merritt:

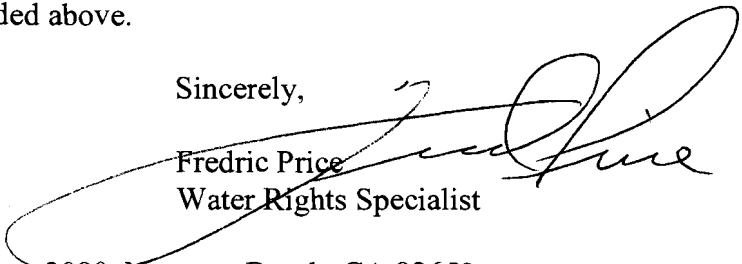

By this letter I state that I have the authority to act on behalf of the United States, Dept. of Interior, Bureau of Land Management (U.S.D.I., BLM), with myself as its agent, to the matters discussed herein. BLM filed a protest of the transfer because the proposed place of use element included irrigated agricultural use of federal public land within NWSW and SESE, S26, T03N, R17E.

Deer Creek Ranch, Inc. submitted an Amended Application for Transfer on May 12, 2009 to exclude federal public land (noted above) from the place of use description pursuant to Revised Attachment A. It appeared that this new description was still problematic, but I now realize the quarter-quarter descriptions were written backwards, even though the column headings were properly labeled. The map of the revised irrigated area attached to the amended application (i.e. Revised Attachment B) omits the BLM land noted above.

Based upon the Amended Application for Transfer #74856 filed with IDWR on May 12, 2009, which removes federal public land from the proposed place of use description and the underlying shapefile, I do hereby withdraw the protest filed by BLM.

If there are questions regarding any statements above, please do not hesitate to contact me at (208) 373-3831 or at the address provided above.

Sincerely,

Fredric Price
Water Rights Specialist
