

Mr. Leland Armstrong
2321 West Arimo Road
Arimo, Idaho 83214

January 24, 2010

On January 15, 2010 I sent you a letter requesting information concerning apparent work and assessment fees for lateral repairs done in 1987. To date, I have not received this information from you. A copy of the letter I sent to you on the January 5th is enclosed for your reference. As you are the secretary of Garden Creek Irrigation Company, this information is your responsibility to provide in a timely manner upon request by company directors. Also, please include a copy of the list of names you showed me on January 13, 2010 along with the other information requested in my previous letter, for my review prior to our upcoming meeting of the Irrigation Company members on February 15, 2010.

Reed Capell, president of the Garden Creek Irrigation Company, informed me in a telephone conversation on January 20, 2010 that he prefers not to participate in his duties at this time, and requests that Jack Hatley and I, as directors take responsibility for the business of the Garden Creek Irrigation Company. He invited me to stop and talk with him that day, after returning from Lava, and he would sign a statement to this effect. He stated that you were in to see him a few days ago. When I arrived, his daughter-in-law, Anna, informed me he wasn't feeling well and couldn't come out to see me.

Reed's daughter Audrey, provided me his cell phone number and stated that he was at Quail Ridge Assisted Living Center for the winter as the family is concerned about him falling on icy walkways. She stated he is presently transferring his water shares to his son Bryan and you are assisting him. Audrey and Bryan's wife, also inferred that you and Bryan will be acting on Reed's behalf in his Garden Creek Irrigation Company duties. I'm sure you are aware that neither you nor Bryan can perform the duties of his office without being elected to do so.

Please send the information requested as soon as possible.

Thank you.

Klain Christensen, Director Garden Creek Irrigation Company
