FROM: Monica Van Bussum

RE: Licensing memo for 63-31890

DATE: January 28, 2010

The purpose of this memo is to relate my reasoning when licensing 63-31890.

Contacts: Contact information was checked with the database and matches information on field exam.

Priority date: As permitted.

Diversion rate and annual volume: Diversion rate as permitted. Annual diversion volume agrees with calculated volume in field exam.

Source/POD: As permitted; agrees with information in field exam.

Season and purpose of use: As permitted; standard season of use.

POU: As permitted. Shape acquired from SPF Engineering with field exam.

Conditions: Removed permitting conditions. Transfer 71198 provided 3 acres of mitigation for this right, negating need for supplemental surface water conditions 121 and 103. Retained condition referencing transfer.
