Rob:

Recently we discussed the need to mitigate for a one time fill for all the permits. The total of acres that I came up with is 26.4 acres (set aside for a season). I'm assuming that your client wants to dry up acres from the bottom of the field up?

I need to document that we had a discussion about the one time fill requirement and you and your client agreed to the additional acres that will not be irrigated for a season under right 21-4126.

Could you send me an email or a letter agreeing to the one time fill for the 3 permits?

Thanks,
Blake
