Case No. 39576	)	Subcase Nos. 63-2506 et al. (See Attached
	)	Exhibit A
_____	)	(United Water Idaho, Inc.)

No objections were filed to the *Director's Report* for the above-captioned water right claims. However, on August 28, 2009, IDWR sent correspondence to the Court stating that the *Director's Report* contained errors and/or omissions. Attached to the correspondence were corrected recommendations for these claims. On September 11, 2009, a hearing on the matter was held before Special Master Booth, at which hearing the claimant of these water rights, United Water Idaho, Inc., through its attorney John Marshall, stated that it agreed with the corrected recommendations for the above-captioned claims. Accordingly, these water right claims remain uncontested and therefore may be decreed with the elements as set forth in the corrected recommendations.

Therefore, IT IS ORDERED that the above-captioned water right be **decreed** as set forth in the attached *Partial Decrees Pursuant to I.R.C.P. 54(b)*.
