Re: KBC Farms transfer of 35-2172

Dear Mr. Carlson:

In your email dated October 20, 2009 you stated that 35-2172 was considered a supplemental water right to the Aberdeen~Springfield Canal Company. I contacted KBC Farms concerning the matter. KBC Farms has provided a statement from the Aberdeen~Springfield Canal Company stating that no shares are appurtenant to this farm. KBC Farms also provided a billing history for 2009 by Idaho Power for the groundwater well that provides water to water right 35-2172. Therefore, water right 35-2172 should be considered a primary groundwater right and the full acreage amount can be transferred.

Please keep Brockway Engineering updated on the processing of this transfer application. Copy our office on all correspondence regarding this application. Thank you for your assistance and if you have questions or comments, please don't hesitate to call.

Sincerely,

Greg Sullivan E.I.T.
