Jim,

NIA is our shorthand for the various adjudications in northern Idaho.

We'll tackle licensing as soon as we can, but at this point I can't predict when that might be.

Shelley,

Thank you for the quick reply! What is "NIA"? The water right is for the community water system in the Starweather Subdivision and includes some irrigation of the individual lots. I am not aware of any pending lot sales where the amount of irrigation from the system has come up, so I doubt any of the situations you describe applies.

Jim

Jim,

Due to staffing constraints and workload for other priority processes, we are issuing licenses only if they are needed for the SRBA, the NIA, a pending transfer, or a property sale. Do any of those apply in this instance?

Shelley,

I represent the Starweather Property Owners Association, the owner of this Permit. The beneficial use field report was filed with the State office in 2006. Can it now be moved along to licensing? If there are any questions or comments during that process please contact me. Thank you.
