RE: Water Right Nos. 34-13567, 34-13568, and 34-194A

Dear Ms. Bradford:

As requested in our phone conversation of January 8, 2010, I have reviewed the ownership changes that were completed for the above listed water rights. It does appear that you submitted more than one Notice of Change in Water Right requests on May 25, 2004 for several water rights and that the notices listed the new owner as Contrary Limited Partnership. It is not clear to me why the notices were not processed together or how the notices had different deeds attached.

I found that the deeds that were scanned with the ownership change request that is in water right 34-111 did support the change requested for water right nos. 34-194A, 34-13567, and 34-13568. As a result of my review, I have updated the current owner to Contrary Limited Partnership. I have enclosed a copy of each water right report which reflects this change.

Please feel free to contact me if you have any questions regarding this matter.

Sincerely,

A handwritten signature in cursive script that reads "Emalee Rushing".
