Travis, Chuck, Michael, & Courtney -

Just got around to looking at the shapefile for the place of use and the maps that accompany the application and I was wondering if you had the actual proposed outline for the Peregrine, West 9, and Irwin courses. I realize some of these are preliminary designs, but I need to have something that represents the acres outlined in the application. The maps included with the application only have a QQ outline for the West 9 and Irwin courses, which does not reflect the acres identified for the place of use in the application. The maps/shapefiles also seem to include areas that are not owned by either of the applicants (such as the Highway).

Please let me know how you want to proceed. Accurate maps & shapefiles are critical in the application process. Please send me any finalized maps/shapefiles for the courses once you have decided how to proceed. Please let me know if you have any questions. Thank you.

Included are the outlines for the Valley Club, West 9, and Peregrine. They're in UTM Nad 83, Zone 11 N.
