Mr. & Mrs. Glerum:

This email follows the phone message I left this morning. You filed an application to change your water right for a new pump diversion. Everything in the application confirms you plan to have one point of diversion from the river except for Part 1B of the application. Part 1B.3 lists two points of diversion, your current one and your proposed one. Also, Part 1B.1 and 1B.2 were incomplete.

Attached is a revised page showing the correct information. Please print it, add your initials and date to endorse it, and return it to me at your earliest convenience. You can fax it to me if you prefer.

I will expedite your application based on your reply. This should help meet your deadline with NRCS for this project. Please call me if you have questions or concerns. Thank you for your attention to this.
