RE: Application No. 72-7529 to Appropriate Water in the Salmon River Drainage

Dear Applicant:

The Department of Water Resources has reviewed the information you submitted to augment your application as requested. The review reveals that the submitted information is adequate to allow for the continued processing of your application as outlined in the enclosed memo.

A legal notice of the application has been prepared for publication in the **Challis Messenger on 1/21 & 1/28/10**. Submittal of protests to the application will be allowed for a period ending ten days after the second publication. (**February 8, 2010**)

If an application is protested you will be sent a copy of the protest(s). All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If an application is not protested, it will be forwarded to our State Office in Boise for final processing. The State Office will notify you of any action taken on the application and will send you a copy of the permit if approved. A typical processing time for an un-protested application is about eight weeks.

If you have any questions, feel free to contact this office or contact Shelley Keen at (208) 287-4947 in our state office in Boise.

Sincerely,

Mary Baldwin
Administrative Assistant I
