RE: App For Transfer 70893, 5.0 cfs From Cedar Draw For Recreation

Dear Bob;

Your application was discussed recently at our weekly staff meeting, and it was determined that you will need to seek written comments on your proposal from the Fish & Game Dept. and from the Dept. of Environmental Quality. Please provide comments by November 5; if you need more time, it can be granted for sufficient cause. We are also concerned about the possible impacts of your proposal on the hydropower rights on Cedar Draw, and are still considering how to deal with that issue.

Regards,

James E. Stanton
Sr. Water Resource Agent
