Re: Application for Transfer (74911) – Rinker & Purdy

Chuck-

While working on a separate application (Transfer 74773), I realized that one of the rights (37-2444) involved in the Rinker & Purdy Transfer (74911) shared a diversion with 37-2683A (Bashaw) & 37-2683B (Hidden Crown) in TWP 01S, RNG 20E, Sec 20. Rights 37-2683A and 37-2683B have the shared diversion in the NESW, while 37-2444 has it in the NWSW. Zach from your office worked on the Bashaw transfer, but was unable to give me any further details as to which QQ it was located in. To solve the problem, I performed a field visit earlier this month and determined that the diversion was actually in the NESW. If you agree with this assessment, could you please notify me to change this on the application? Thank you.

Sincerely,

Jeffrey S. Cooper
