Dear Mr. Collins:

Re: Encroachment Application

The Idaho Department of Lands (Department) received a copy of your water right application from the Idaho Department of Water Resources. You will also need an encroachment permit from the Department to place a water intake line on the bed of the Cave Lake.

For your convenience, I have enclosed an encroachment application. If you are intending to bury the line, a permit will be required from the Army Corps of Engineers. In addition, the Department requires a \$1,000.00 processing fee for waterlines. The Department will begin processing an application upon receiving a complete application and fee.

Sincerely,

CARL WASHBURN, Specialist

Dianne,

Application 94-7522 will require an encroachment permit from IDL for the water line encroachment into Cave Lake. Please term you permit stating a permit is required from the Department of Lands prior to installing the water intake line. The Mica Area will forward a letter to the applicant advising them that a permit is needed.

Thank you for the opportunity to offer comments.

Carl

Subject: RE: Application for Permit No. 94-7522

Dear Carl:

The Department of Water Resources is seeking written comment and/or recommendations from your agency regarding the above referenced water right application. A copy of the application is enclosed for your reference.

<<94-7522 Collins.pdf>>

This is scheduled to publish Nov 5 and 12, 2009, with final date for protest Nov. 23, 2009.

This office can publish notice of the application as soon as the initial review is completed; therefore, your prompt reponse to this request is appreciated. If your agency desires to formally protest the approval of this application, you may do so after the notice is published by filing a written protest along with a \$25.00 filing fee within 10 days after final publication.

Please contact this office if you have any questions regarding the application.

Sincerely,

Dianne Ball
