RE: CHANGE OF OWNERSHIP FOR WATER RIGHT 65-7231

In reviewing water right 65-7231 and the Change of Ownership you submitted recently, we have some questions that need to be answered before we can process the ownership change.

- The water right lists the property in Township 11N Range 3E Section 11 SWSW. From the map submitted, we believe the property is in T 11N R 3E S14 SWNW. See map and copy of the water right which are both enclosed.
- Both deeds submitted (Olson's and Gribble's) describe the property as Smith's Ferry Properties Subdivision No. 1. Olson's deed specifies the North ½ of Lot 15, Block 1 and Gribble's deed specifies the South ½ of Lot 15 but the water right states it is for the South ½ of Lot 15.

There are several options for getting clarification or corrections accomplished so this Change of Ownership can be processed.

- We need to determine the location of the property. We need a township, range, section and quarter/quarter description of the property. The best solution would be a plat map from the county that covers a larger area than the one submitted and has at least section corners marked so we can reference it to our data and get a more exact location. If the county doesn't have that, we can try having you outline your property on the enclosed aerial photo.
- If it turns out the property is in Section 14, the best solution would be to file a Transfer to change the ownership and correct the water right. The fee to file a Transfer is \$100 so the fee you paid to change the ownership would be used as the fee for the Transfer. You would not owe any additional fees. It would be a matter of filling out another form.

- The last hurdle is the comment on the water right that it is for the South ½ of Lot 15, Block 1. Any information you can provide would help us determine where the water right was originally to be used. For example, did Donald House own both the north half and the south half at one time? The water right file indicates this water right was to serve 5 families. Were there 5 homes? If so, where are those homes located? Any history on the property would be helpful.

If you have questions, please feel free to call me at 208-287-4967 or email me at sandy.egbert@idwr.idaho.gov. I am available Monday thru Thursday.

Sincerely,
