

Ident. No. 65-23132

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES
APPLICATION FOR PERMIT

To appropriate the public waters of the State of Idaho

1. Name of Applicant RON F. DALY FAMILY PARTNERSHIP Phone 343-1288 or 634-5672
Mailing address 5100 BEL AIR DR BOISE ID 83705
2. Source of water supply Groundwater which is a tributary of _____
3. Location of point of diversion is Township 19N Range 3E Sec. 28, in the _____
SW 1/4, SW 1/4, Govt. Lot 4, B.M., VALLEY County; _____
additional points of diversion if any: LOT 151, LOT ~~151~~ 74 12/2/09 GND flow RDP
4. Water will be used for the following purposes:
Amount 0.08 for DOMESTIC purposes from JAN 1 to Dec. 31 (both dates inclusive)
(cfs or acre-feet per annum)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per annum)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per annum)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per annum)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per annum)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per annum)
5. Total quantity to be appropriated is (a) 0.08 and/or (b) _____
cubic feet per second acre feet per annum
6. Proposed diverting works:
a. Describe type and size of devices used to divert water from the source Well Driller can't do work yet! depending on him for information Well Pump / pipeline
b. Height of storage dam _____ feet; active reservoir capacity _____ acre-feet; total reservoir capacity _____ acre-feet
c. Proposed well diameter is _____ inches; proposed depth of well is _____ feet
d. Is ground water with a temperature of greater than 85°F being sought? _____
e. If well is already drilled, when? _____; Drilling firm _____;
Well was drilled for (well owner) _____; Drilling Permit No. _____
7. Time required for completion of works and application of water to proposed beneficial use is 2 years (minimum 1 year)
8. Description of proposed uses (if irrigation only, go to item 9):
a. Hydropower; show total feet of head and proposed capacity in kW. _____
b. Stockwatering; list number and kind of livestock. _____
c. Municipal; show name of municipality. _____
d. Domestic; show number of households. 1
e. Other; describe fully. possible sprinkler watering for house during hot weather

RECEIVED
JUN 18 2007
WATER RESOURCES
WESTERN REGION

3. Description of place of use:

- a. If water is for irrigation, indicate acreage in each subdivision in the tabulation below.
- b. If water is used for other purposes, place a symbol of the use (example: *D* for *Domestic*) in the corresponding place of use below. See instructions for standard symbols.

[illegible]Total number of acres to be irrigated

10. Describe any other water rights used for the same purposes as described above.

11. a. Who owns the property at the point of diversion? Row Daly Family Partnership
b. Who owns the land to be irrigated or place of use? Row Daly Family Partnership + Mark Daly
c. If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing: Mark Daly would draw water for domestic use
12. Remarks: 2nd possible irrigation.

13. **MAP OF PROPOSED PROJECT REQUIRED** - Attach an 8½"x11" map clearly identifying the proposed point of diversion, place of use, section #, township & range. (A photocopy of a USGS 7.5 minute topographic quadrangle map is preferred.)

BE IT KNOWN that the undersigned hereby makes this application for permit to appropriate the public waters of the State of Idaho as herein set forth.

FROM: KAY WALKER 

RE: Applications for Daly

Date: December 3, 2009

.....

Cathy Daly came into the office today to resolve the problems I identified in correspondence dated November 12th and 19th for applications 65-23317 and 65-23132. Mark Daly is Cathy's son. The Daly's have 3 lots in Payette Lake Cottage Sites. Lots 151 and 74 are owned by Ron Daly Family Partnership and Lot 73 is owned by Mark Daly. They have had issues with their wells pumping sand so they filed these applications in hopes of providing water to all 3 homes without sand problems.

There is a decreed right (65-763) for a well on Lot 74 that pumps sand and is no longer used by choice. In case of an emergency, they can still use this well if they filter the water. This well supplies water to Lot 74 only; this lot is a rental property and they must have water available for anyone who rents from them.

Application 65-23132 is for a well, drilled in July of 2007, that supplies water to Lots 151 and 74. The application has been corrected to describe this.

Application 65-23131 is for Payette Lake. This application is to provide a green area around their cabin in case of a fire.

Application 65-23317 is for a well on property owned by Mark Daly. Information has been submitted that shows the well was drilled in August of 2007 and will be the main source of water for Lot 73. If the well that exists on Lot 74 has problems, this well would be used as a backup source if necessary.

The intention of these filings is to provide a domestic water supply to each of the 3 lots and a backup supply from the other wells if necessary.

RE: Application for Water Right 65-23132

Dear Applicants:

We are in the process of reviewing the above referenced application for permit and find we have a question concerning this proposal. Enclosed, for your convenience, is a copy of the application as it was submitted to our office. Please note that item 3 identifies the location of the point of diversion as being within Lot 151 and Lot 73 of Payette Lake Cottage Sites. However, the map attached to the application identifies Lot 151 and Lot 74. We need to know if the well is being proposed for use on Lots 151 and 73, or Lots 151 and 74. In a review of our records we find decreed right No. 65-763 (copy included) for groundwater use on Lot 74 so we are unsure of the intention of this new application. We are also in review of an application for Mark Daly for a proposed well on Lot 73. We also found a well driller's report of a well that was drilled in July of 2007 which may be the well you proposed under this application. This well was drilled on Lot 151 for domestic purposes. Does this well provide water to two lots and if so, which two, or is water just used on Lot 151?

Please review all this information and advise us of what you intend to develop under this proposal. Any information you can provide to clarify your intentions will be greatly appreciated.

Sincerely,

KAY WALKER
Sr. Water Resource Agent
