Kyle,
Here is the Anderson Lake application. It seeks:

0.07 cfs for stockwater, same 300 head listed in the ground water application (is this correct?)
2.6 cfs for irrigation of 130 acres within a 266-acre permissible place of use.

Please review.

Hi, Kelli

Attached is the legal notice we talked about last Thursday, 10/29/09 - the 4th legal notice we are requesting be published 11/5 and 11/12.. Had to delay sending it until I could do some extra checking on it today. I think it's all OK to go, and I will need a proof/preview copy before this one goes to press, as well as the other three scheduled to publish the same days. I know this one is running close.

Please publish the enclosed legal notice on the dates indicated, November 5 and 12, 2009, (once a week for two consecutive weekly issues). If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. Please send the affidavit and bill to this office before 11/23/2009. Your cooperation is appreciated.

Thanks for all your super help.

May you always have Love to share, Health to spare and Friends who care.
