RE: Notice of Change in Water Right Ownership for Water Right No. 96-9180

Dear Mr. & Mrs. Laurence:

On December 2, 2009, the department received a notice of change in water right ownership from you. I have reviewed your deed and compared it to the place of use for the water right. The water right license was issued for two homes located within lots 2 and 3, block 2, Woodland Trails Subdivision. The deed covers lot 2, block 2.

I added your names as current owners of the water right. I did not remove the Wiggins as current owners as there is a common well and it appears that you do not own the other home covered by this water right. Typically, we would request a fee of \$100 and would split the water right. Since this water right has a maximum diversion rate of 0.02 cfs and a maximum diversion volume of 2.4 AF, your portion would be 0.01 cfs and the volume would be 1.2 AF. If you would like to split this water right, you may submit an additional \$75 and we will split the right.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Emalee Rushing
Office Services Supervisor
