RE: Notice of Change in Water Right Ownership for WR No. 34-10102

To Whom It May Concern:

The Department of Water Resources is acknowledges receipt of your notice of change in water right ownership for the above listed water right. Our review of your notice indicates that additional information is required before we can process the change.

During our review of the documentation you submitted, we found some discrepancies between that documentation and the legal description of the place of use for the water right indicated in your notice. The water right covers a portion of land that was not conveyed to you. I have enclosed a copy of the partial decree for your reference as well as a map which depicts the location of the property as described on the deed and the location of the place of use for this water right.

If you have another deed which conveyed the property where the remainder of this water right is located, please submit a copy for our review. If you do not own the property in question, it appears that a split of the water right will be required. If you would like to have the water right split, an additional fee of \$75 would be due.

Because the Department cannot process the ownership change without proper documentation or fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please feel free to call me at 208-287-4952 if you have any questions or if you need additional time to respond.

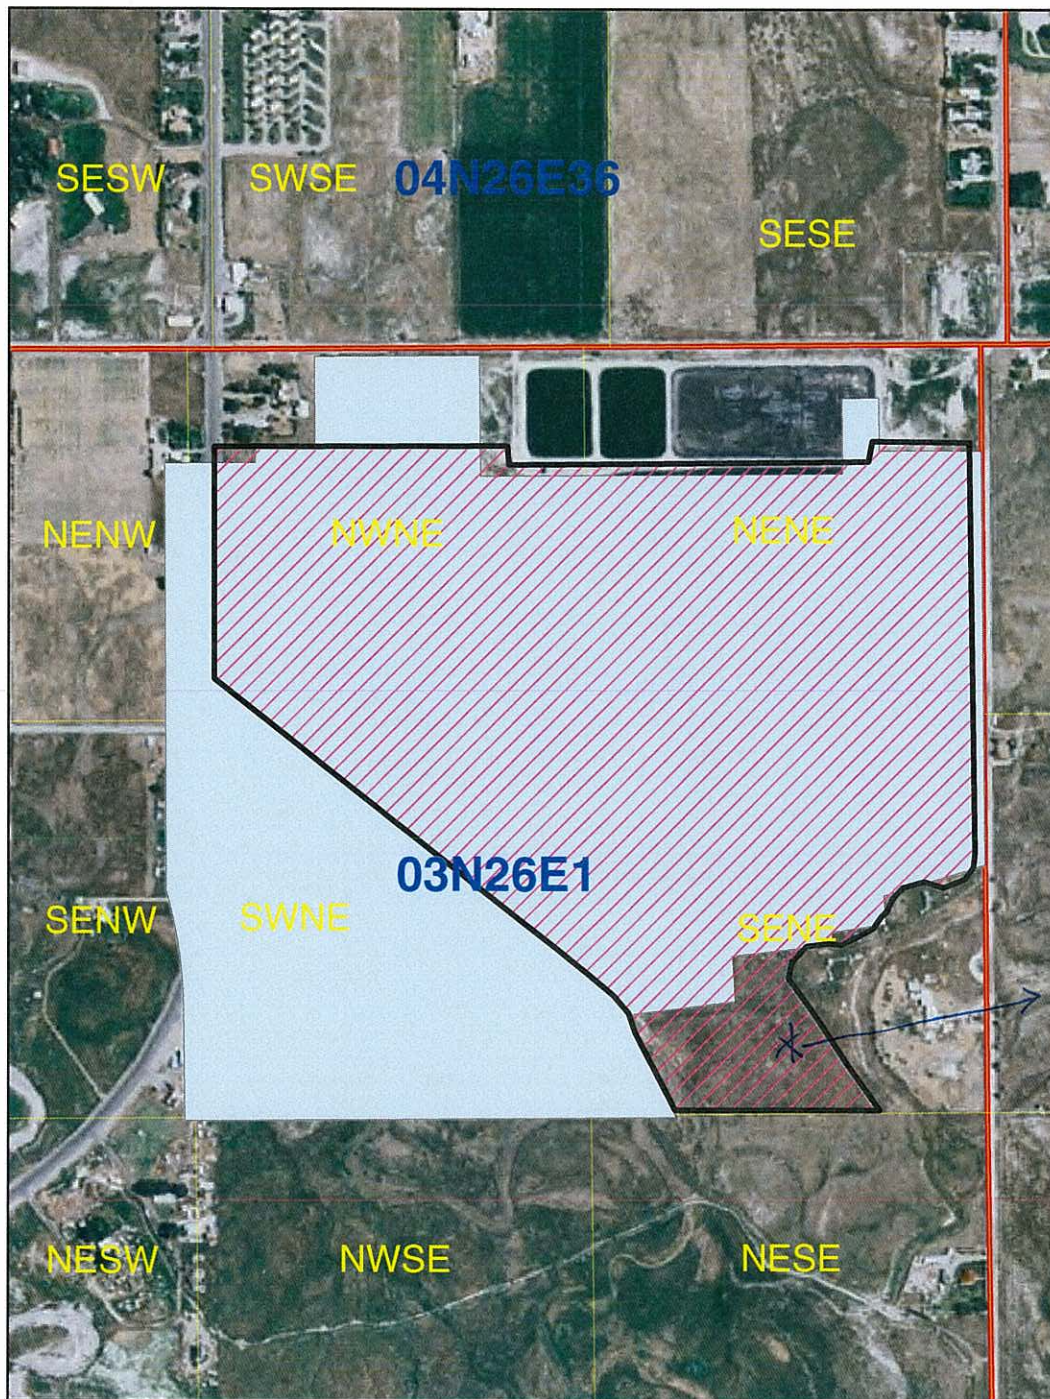

Sincerely,

A handwritten signature in cursive script that reads "Emalee Rushing".
