CONDITIONS OF APPROVAL

1. The wildlife storage use authorized by this right authorizes the total annual diversion of 4.5 acre-feet to be used for the replacement of losses caused by evaporation from the 1.5 acre of total surface area of the pond authorized by right 47-17461.
2. Rights 47-2370 and 47-17461 when combined shall not exceed a total diversion rate of 0.40 cfs.
3. After specific notification by the Department, the right holder shall install a suitable measuring device or shall enter into an agreement with the Department to use power records to determine the amount of water diverted and shall annually report the information to the Department.
4. The period of use for the irrigation or diversion to storage described in this approval may be extended to a beginning date of 3/15 and an ending date of 11/15 provided that beneficial use of the water can be shown and other elements of the right are not exceeded. The use of water before 4/1 and after 10/31 is subordinate to all water rights having no subordinated early or late season use and a priority date earlier than the date of this approval.
5. The source of this water right includes waste water. The wasting of water may be discontinued at any time.
6. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
7. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
8. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
