Permit to Appropriate Water

NO. 47-17461

6. After specific notification by the Department, the right holder shall install a suitable measuring device or shall enter into an agreement with the Department to use power records to determine the amount of water diverted and shall annually report the information to the Department.
7. Any license issued by IDWR pursuant to the right or portion thereof for the use of trust water is subject to a term review of 20 years after the date of this approval to determine availability of water for the use and to re-evaluate the public interest at the end of the term.
8. The storage use under this right shall be mitigated during the 2008 irrigation season by reducing the amount of irrigation allowed by right 47-2370 by 1.4 acres.
9. If the reservoir is ever emptied, it shall not be refilled, without the approval of a mitigation plan by the Department.
10. Noncompliance with any condition of this right, including the requirement for mitigation, is cause for the director to issue a notice of violation, cancel or revoke the right, or, if the right is included in a water district, request that the watermaster curtail diversion and use of water.
11. The source of this water right includes waste water. The wasting of water may be discontinued at any time.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code. Witness the signature of the Director, affixed at Boise, this 7th day of December, 2009.

FOR GARY SPACKMAN, Interim Director
