RE: Permit No. 15-7236

Dear Permit Holder:

The department acknowledges receipt of the statement of completion for submitting proof of beneficial use ("proof") form submitted for the above-referenced permit. The next step in the process of developing a water right is for the department to conduct the field examination to determine and confirm the use of the water, and that it meets the permitted beneficial use.

Well Construction Rules of the Department require an additional drilling permit fee in some cases where an increased use of water is authorized for a well. Department records indicate that an additional drilling permit fee in the amount of **\$125.00** is due based on the water use developed under your water right permit. Failure to pay this fee may be cause for cancellation of your water right permit. Please submit this fee to the Department along with a note of reference identifying well drilling tag number D0024225 (permit number 776317).

Be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at:

www.idwr.idaho.gov

If you have questions about the field examination, please contact the **Eastern Regional** Office of the department in Idaho Falls at (208) 525-7161.

Sincerely,

Emalee Rushing
Office Services Supervisor
