Re: Extension of Time Request - 37-22234

Dear Jeff:

Pursuant to our discussion on Monday, enclosed is a request for additional time to submit proof of beneficial use for the above-referenced permit. The development under the permit for the heat exchange system has been completed and is in service, although the residential complex itself is not fully complete and occupied. Additional time is requested to allow the complex to be completed and to allow at least one full year to demonstrate an annual volume for licensing purposes. An extension is requested to allow the statutory 5 year development period, as the permit was approved with less than the 5 year period for proof.

If you have any questions about this permit, technical or otherwise, please do not hesitate to call.

Cordially,

Charles G. Brockway, P.E.

Enc.

Cc: Tim Flaherty
