Re: Application for Transfer No. 74306

Dear Applicant:

The Idaho Department of Water Resources (IDWR) recently received a notice of ownership change for the four water rights involved in the above referenced application for transfer. IDWR assumes this means you no longer have authority to change those water rights.

You might want to withdraw the application and receive a refund of the \$330 filing fee by completing and returning the enclosed withdrawal form. Alternately, you might want to assign the application to the new owner of the rights by sending a letter to that effect to this office (there is no department form for this action).

Please provide one those responses. You may seek additional time to provide a response by making a written request to that effect. Your written response must be received within the next thirty (30) days. Without a timely reply, IDWR will issue a preliminary order to reject the application. The application fee will not be refunded for a rejected application.

Please contact me if you have any questions. Thank you for your attention to this matter.

Sincerely

Kelly K. Christensen
Sr Water Resource Agent
