RE: Change in Ownership for Water Right(s): 75-14283, 75-14285, 75-14287,
75-14289 & 75-14365

Dear Claimant:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our phone call to you 09/08/2009 was to advise you that additional information is required before we can process the change. As of today we have not received the additional information. The information required is indicated below:

XXX The water rights are for 35 acres with the NENW of Section 10, T22N, R22E. The deed you submitted verifies you own 30 acres. If you do own the other 5 acres, please submit a recorded warranty deed that verifies that. If you do not own the other 5 acres, please tell us that in a written response as we will need to split the water rights.

Because the Department cannot process the ownership change without proper documentation and fees, we will hold any action on your notice pending receipt of the necessary information or fees. If we do not receive the necessary information or fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Bobby Kern
Office Specialist II
