Dear Interested Parties:

We have received your letter which states that Rabo Agrifinance, Inc. has purchased a loan and wishes to retain a security interest in water right no. 36-7460AA. The listed right has been split into numerous parts and part AA is no longer active. I searched for active rights in the name of Don and Theresa Ann German and identified two water rights. Water right 36-7460X is in the name of Donald H. German and water right 36-15530 is in the names of Donald H. and Theresa A. German. I also found water right 36-13847 which is located on property owned by the Germans but the water right is in the name of Marilee and Steve Allison. I have enclosed a copy of the water right reports for these three active rights.

Idaho Code § 42-248 (6) states that:

Any person having a security interest in a water right and desiring to be notified by the department regarding the filing of a change in ownership of that water right or of any proposed or final action to amend, transfer or otherwise modify that water right shall make the request upon a form provided by the department accompanied by a fee of twenty-five dollars (\$25.00) per right. The request shall be accompanied by evidence of the security interest including the expiration date of the security interest or other date defining the end of the period for which notification is requested.

I am returning your letter and enclosing a Notice of Security Interest in a Water Right form for you to complete and return with the required support data and filing fees. If you have any questions regarding this matter, please call me at 208-287-4952.

Sincerely,

Emalee Rushing
